

Summer Activities

- 1) iDiscover SUMMER 2
Sarah Gudgeon
ISBN:9788861618121

Complete the entire book and its activities.

- 2) Choose at least 2 books from the list that has been uploaded on Classroom and do the following activities:
 - read the book and complete all its exercises;
 - prepare a list of new words, idioms and expressions to learn;
 - complete the 'Book Report Form' in all its parts;
 - pretend to be a book influencer: record yourself reviewing the books;
 - creative writing: invent either an alternative ending or a sequel to the story you've read.
- 3) Write a letter to a friend telling them about a special event (e.g. concert, party or festival) you attended over the summer. Try to be as detailed as possible and include the emotions you felt on that occasion.
- 4) Invent a new board game and prepare its rules using 'must' and 'have to'. Present it by creating a poster or a video.
- 5) You are a passionate traveller who loves to share travel tips. To reach a wider audience, a few years ago you started a blog where you write about your

travel itineraries. You are now asked to create a new blog post about your latest trip (in the form of a Power Point presentation): include destinations, means of transport, directions, information on must-see sights, accommodation and food.

- 6) (To do towards the end of your summer break): revise all the units of iDiscover and complete the remaining exercises in preparation for the Placement Test.

Enjoy your summer! 🌴
